

RING GUN-2mm Pinfire Miniature- Basic Model(v.1)

\$1,029.90

Pinfire Guns USA 2mm, 8-Shot RING GUN

Version 1.0 (Basic/Core Model)

Exclusive to Pinfire Guns USA, the *ultimate in Spy Guns* is a limited and numbered pepperbox **8-shot RING GUN!** Your choice of BLUED-STEEL or POLISHED-STEEL Cylinder. Each is made entirely by hand by master craftsman Rosen for us at Pinfire Guns USA. Each has a Gold-Filled Rope designed Band, Gold-Plated Cylinder Base, and a Stainless Steel Pepperbox Cylinder (polished or blued). 13 of this version of our Ring Guns were made out of 20 maximum, and 7 were made in an enhanced, more luxurious version (see the link below)). **DON'T MISS OUT-ONLY A FEW REMAIN!**

Antique ring guns have been featured and sold for tens of thousand dollars and in hard to find places, such as high-end auctions and even on a pawn stars episode.

We are offering a handful of **enhanced, luxury Ring Guns** which have an additional cylinder and other design enhancements, and **once the basic model and custom model are sold out, there will be no more** made like these-as their **run in total is 20, making each of the few made a rarity** which will only increase in value as they will be impossible to find - and never will be considered as a "new", unfired model again.

For your basic model Ring Gun, please indicate if you wish to have your cylinder as Polished Steel or Blued Steel at checkout (notes) or simply send a message to us afterwards via our Contact Us form or info@pinfireguns.com.
