

FP Berloque-Nickel Round Butt w/Toledo Grips-FBBQNPSTOB1.B

\$1,599.90

This is a gun that I never intended to sell, but I wanted to share the photos and description with everyone else. I've only seen a couple other Toledo style berloques like these, and they sold for much more than I have ever seen a pair of berloques ever sell for. If you are interested in purchasing this gun, just send me a message with an offer. This is a **Berloque miniature 2mm pinfire pistol from Austria** - it is gold plated brass and round butt with toledo, behner grips. It also has "BEHNER" stamped on top of the barrel. This is an antique, produced in the 1930's and are one of the earlier models, which has a round hammer and a sharp trigger. **This is a very rare gun!** This particular model is in "**B**" or **good condition** (graded based on the overall working condition and aesthetics for the same style and age). This gun has a fair finish, with tarnish and wear on the gun's body all over, as well as minor wear on the grips. The hammer is chipped of the rounded top part but still can be cocked back. Due to the age of this gun, this mini may not fire. The trigger works fine, and the overall length (OAL) is 1 5/8". These minis are **designed to fire ANY projectiles. Be cautious when loading and firing this gun with projectiles such as lead balls and caps.**

Listed in "The Tiniest Guns" by Bob Urso Vol. 3 on page 16 as A3j3.
