Pinfire Guns USA 2mm Polished Stainless Steel Colt 1911 w/ Custom Grips

This is our newest, and coolest Polished Stainless Steel 2mm pinfire gun-a COLT 1911* tribute in miniature 2mm Pinfire!

ONLY 2 LEFT

Each limited and numbered - only 20 total made (half of the bodies are in Polished Steel & half Gold Plated-see that listing for those). Even more unique, only a few with each grip style.

If desiring a polished steel body, choose your grips from the list below and be sure to add that choice to the comments of your order (or just shoot us an email at info@PinfireGuns.com). If there are any questions on grip from our perspective, rest assured we will reach out to you to confirm.

EXCLUSIVELY offered by us at Pinfire Guns USA - all have been hand-crafted by master craftsman Rosen!

You'll also get a custom made push rod made of steel, with a brass head and a leatherette case included with your gun. These have through barrels and in addition to firing 2mm pinfire blanks, they can also fire 2mm pinfire live rounds: either the premade (flat-top) version or those home-made with a 2mm pinfire blank and lead ball.
