

**SOLD OUT-Xythos Gold Female Pinfire
Flare Kit in Wooden Crate-NO**

\$0.00

SOLD OUT-1/2017

Xythos Gold-Plated Female Flare Kit in Wooden Crate-New Old Stock

This is a Xythos **miniature 2mm pinfire pistol from Austria** - it is gold-plated, female threaded barrel and black grips, which comes in a wooden flare kit. This is a later styled antique, produced in the 1960's, which has a round trigger and 5 ridge hammer. This particular model is in "**NOS**" or **NEW OLD STOCK condition**, meaning these flare kits have never been fired or used! We were lucky to find this new old stock (NOS) from a retired distributor. Overall length (OAL) is 1 5/8". Comes with everything you see here, including a flare adapter, flares, blanks, and all fitted nicely in its wood crate case.

This Xythos model is **designed to fire 2mm pinfire BLANKS and the corresponding 9mm Flares. Each flare requires a blank to launch it! Do NOT attempt to fire lead Ball Live Rounds** (dangerous, due to the dual cylinders system working flush against itself and the barrel).

Xythos revolvers are listed in "The Tiniest Guns" by Bob Urso, Vol. 3, pages 40-42 where you can find lots of good information on the history and types made. We've also included some Xythos history on the main category page.
